

**An Open Accelerator for
Sustainable Business Development**

Climate Change - A Challenge in Collaboration

How can we spread knowledge, accelerate innovation and increase cooperation in sustainable business development?

Evolution in Open Knowledge Creation

- ♦ 70 % of the worldwide code base is based on open source [1]
- ♦ Open Collaborative Innovation in Software Development
 - Cloud Computing [2]
 - High Performance Computing and Big Data [3]
 - Artificial Intelligence [4]
 - Robotics [5]
 - Web Technology [6]
 - Blockchain [7]
 - Embedded Operation Systems [8]

"If I have seen further it is by standing on the shoulders of Giants."
- Isaac Newton

Wikipedia
